

NEW CONSTRUCTION: Mixed Use

PROJECT

TNG Tower
Big Sky, MT

DESCRIPTION

The TNG Tower project is a 2-level mixed-use project located in the Town Center at Big Sky, MT. It has 5,334 square feet of commercial space on the main level with 5,382 square feet of residential apartments above. Rotherham Construction also completed the Commercial Tenant Improvement for this building.

The tower element remains a focal point in the Big Sky Town Center.
